STAT

9. [redacted] LLM) Called Bob Vagley, Director, General Subcommittee on Labor, House Education and Labor Committee, on the recently reported out Equal Employment Opportunities Enforcement Act (H. R. 17555, S. 2453). He said prospects for passage are good since, unlike previous years, the Senate seems prepared to act. I explained our problem with the Senate version which he readily appreciated. He felt the Committee would be receptive to protecting our interest explaining that the application of the legislation to federal employees had not received a great deal of attention and no one had focused on the problems it might cause sensitive agencies. I stressed that the prime purpose of my call was to obtain information and that the viewpoints I expressed did not constitute an Agency position, which he said he understood.

STATINTL Called [redacted] General Counsel, NSA, to alert him to the action on the above bills and their possible adverse effect. I also called Robert Hull, Department of State, and alerted him to the action on these bills.

10. [redacted] - LLM) Robert Hull, Department of State, called and said that the Foreign Service Retirement Association had been in contact with Chairman Dulski, House Post Office and Civil Service Committee, on the possibility of including the Foreign Service retirement system in the bill liberalizing widow and widower survivorship provision for the Civil Service system. He was unsure of Dulski's receptivity and I asked Hull to keep us advised if there is any progress against the possibility that we might want to request similar consideration for our retirement act.

STAT

11. [redacted] - LLM) Jack Norpel, Senate Internal Security Subcommittee staff, called and asked if we would stop by in the next day or two to discuss a matter of mutual interest. I told him that someone would be by.
